# Digital Pianos & Keyboards

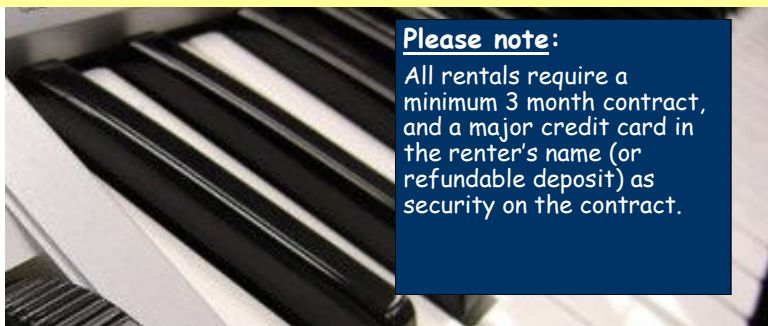

Want a versatile piano that never needs tuning? Consider a digital piano or keyboard. Their sound and response just may surprise you! We offer high quality instruments from *Yamaha* and *Roland*, most with weighted keys. Just as on a traditional acoustic piano, the keys of the lower notes have a heavier touch, while the higher ones are more responsive to lighter playing. Come play one today!

Rent-to-own and 3-month trial rental options on a full-size 88-key instrument start at only \$50/mo. Buy a portable starter keyboard for around \$140, or a full 88-key digital piano with weighted keys for only \$549!

Please be aware that all prices are subject to change without notice, and supply of some instruments is limited to stock on hand. Please shop early for best selection. Thank you!

**Please note:**

All rentals require a minimum 3 month contract, and a major credit card in the renter's name (or refundable deposit) as security on the contract.
